

NEW CONCESSION 2018-2043

A new opportunity to be
part of a new CNAM

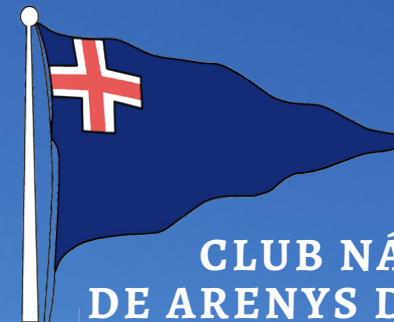

We offer moorings for sale and for rent
in different sizes, up to 30 meters in
length.

All moorings up to 16 meters in length are
provided with fix fingers.

The amplitude of the space between
port levers allow our sailors to feel
comfortable and secure when they moor
their boats.

In addition, the moorings have state-of-
the-art supply towers, that allow the
activation of supplies from a mobile
device.
